OLFACTIVE NOTE

A fresh, soft and natural floral note reminiscent of muguet.

PERFUMERY USAGE

FLOROL® can be used in almost all perfume types where it gives elegant floral diffusion without changing the character of the fragrance. It is a very stable and substantive building block that can also be used to replace less stable floral aldehydes.

PHYSICO-CHEMICAL PROPERTIES

appearance	colourless liquid
flashpoint	>100°C
vapour pressure	0.95 Pa at 20°C
purity	min 98%
log p (measured)	2.22
molecular weight	173
